

TD0902 COST Action SPLASHCOS
Meeting in Rome, Italy, September 26–28, 2012

Università ‘La Sapienza’

Draft Programme

Wednesday 26 September, 2012

Sea Level Workshop

Morning Session

08:30–09:00 Assembly

09:00–09:10 Opening Remarks

09:10–09:50 Keynote Speaker

Roland Gehrels: Holocene and recent sea-level changes: patterns and driving mechanisms

Mediterranean

9.55–10.10. *Francesco Chiocci & Andrea Sposato*: Sea level low stand markers on the Italian continental shelves

10.15–10.30. *Luigi Fozzati & Annalisa Zarattini*: Synthesis of submerged prehistoric remains in the Italian Seas

10.40–11.10. Refreshment Break

11.10–11.25. *Fabrizio Antonioli*: The land bridge between Europe and Sicily over the past 40 kyr: timing and emersion and implications for *Homo sapiens* migrations

11.30–11.45. *Aaron Micallef*: Late Quaternary sea-level change and the evolution of the Maltese submerged palaeolandscape.

11.50–12.05. *Ehud Galili*: Recent submerged Neolithic finds from the Carmel coast of Israel

Baltic

12.10–12.25. *Jan Harff, A. Groh, Alar Rosentau, Szymon Uscinowicz*: Relative sea level change in the Baltic Basin during the Holocene: what dominates the process?

12.30–13.30 Lunch

TD0902 COST Action SPLASHCOS
Meeting in Rome, Italy, September 26–28, 2012
Università ‘La Sapienza’

Wednesday 26 September (Afternoon Session)

Black Sea

13.45–14.00. *Preslav Peev*: Sea-level change in the Black Sea during the Holocene

14.05–14.20. *Gilles Lericolais*: Last Glacial–Holocene water-level fluctuation in the Black Sea: correlation of high resolution seismics and core analysis

14.25–14.40. *Valentina Yanko-Hombach & Olena Smyntyna*: Black Sea sea-level change and human adaptation strategies during the last 30 kyr

14.45–15.00. *Glicherie Caraivan & Valentina Voinea*: Climate and sea-level changes – the main engine of prehistoric migrations on the Romanian Black Sea shelf

15.05–15.35. Refreshment Break

Atlantic and North Sea

15.40–15.55. *Robin Edwards*: Rebound models and palaeogeographic reconstructions in NW Europe

16.00–16.15. *Garry Momber*: ArchManche: sea level change, archaeology and art

16.20–16.35. *Ole Grøn*: Sea level and Stone Age settlement in the Danish North Sea sector from the Last Glaciation onwards

16.40–16.55. Discussion and concluding comments

Film Show

17.00–17.50. Film of the Atlit Yam Underwater STSM and Excavation. Introduced by Ehud Galili.

18.00–19.00. Ad hoc and informal meetings of regional research

TD0902 COST Action SPLASHCOS
Meeting in Rome, Italy, September 26–28, 2012
Università ‘La Sapienza’

Thursday 27 September

8.50–9.00: Plenary opening remarks

9.00–10.45

Parallel Meetings of the Four Working Groups

10.45–11.15. Refreshment Break

11.15–13.00

Plenary discussion and presentations from the four Regional Seas Research Groups

13.00–14.00. Lunch

14:00–16:00. Meeting of the Management Committee

Refreshment Break

17.00–18.00. Meeting of the Deukalion Planning Group

* * * * *

Friday 28 September

Field Excursion to Monte Circeo and Gaeta

* * * * *
